Senator Metzenbaum Speaks At Jefferson-Jackson Day Dinner

Norb Gudorf presenting Mary Marx with a plaque on behalf of her late husband, Emil Marx as "Democrat of the Year".

After commenting that "everyone wants the President to succeed" in his budget cuts, U.S. Democratic Senator Howard Metzenbaum continued on to talk about tax abuses, loopholes, defense spending and the effects of the federal cutbacks on middle class Americans.

The senator arrived in St. Marys Saturday evening to speak at the Jefferson-Jackson Day Dinner hosted by county Democrats at the United Rubber Workers hall.

Metzenbaum said both Democrats and Republicans support President Ronald Reagan's efforts, but the "confirming evidence" is more available that the burden of the cutbacks will rest not only on the poor but also upon middle class America. He pointed to student loans and grants presently available to middle income families for college entrants as one issue. Also, student lunch programs will cost twice as much as a result, he said.

"I don't believe that it makes good sense just to slash the taxes," Metzenbaum said in referring to the President's income tax cuts proposal, since the spiraling rate of "inflation will continue on its merry way" and increase budget costs.

Those Americans earning less than \$10,000 income will share 50 percent greater of the total tax burden than they presently do," Metzenbaum claims. On the other hand, those earning over \$100,000 will pay 25 percent less of the total tax burden than they are currently paying, Metzenbaum continued.

Ohio U.S. Senator Howard Metzenbaum was the featured speaker for the Jefferson-Jackson Day Dinner.

Frank Shuffelton giving a speech on how many shops (positions) are unattended in the government.

utility companies under existing laws, "That to even consider decontrolling natural gas at this time is horrendous. I led the filibuster against phased decontrol of natural gas under President Carter. But that filibuster that I would lead against total decontrol on the price of natural gas," said the Senator.

Decontrolling the price of natural gas would drive up the price about 100 percent according to the Senator. He says that is based upon figures from industry as well as outside sources. He added that the average person cannot tolerate higher fuel bills. "Although we promised those same people low income energy assistance, the administration has now indicated it's intent to cut those funds back further, notwithstanding the fact that the original contemplation was that 25 percent of the windfall profits taxes would be allocated to help people pay their energy bills."

Mr. and Mrs. Dale Jutte

The St. John Catholic Church in Maria Stein was the setting for the March 7, 1981 wedding of Diane Balster and Dale Jutte. The Rev. John Bolan officiated the ceremony.

Mrs. Ruth Schwieterman provided the organ accompaniment for the singers and guitarists, Marlene Knapke and Susan Price.

The poly sheer skirt was accented with venise lace motifs in front and a double pleated flounce trimmed with lace embellished the floor length hemline. The flounce continued on the full attached train which gracefully came to cathedral length. She chose a matching face framed cloche held to a full layered silk illusion veil entirely edged with scalloped sheer lace.

24 YEARS EXPERIENCE

Coach Horstman Speaks To Kiwanians

Ralph Voskuhl presenting a "Certificate of Appreciation" to Minster Girls Track Coach Katie Horstman.

At their weekly meeting of Wednesday noon, April 22 the Kiwanis Club of Minster had as their guest Coach Katie Horstman of Minster High School. She was extended an invitation to appear before the membership by Ralph Voskuhl who was Program Chairman of the week. After her introduction to the members present for the meeting she reviewed her personnel that she has to work with this year which includes four seniors, four juniors, five sophomores, and a record twenty four seniors, four juniors, five sophomores, and a record twenty freshmen girls. As the Girls Track coach she has compiled an enviable record of 5 consecutive state class "A" championships out of the 6 years that she has coached this sport. She noted the fact that this year offers another challenge as she has lost several of "her stars" including Miss Trish Eiting and Miss Joyce Oen from last year's squad. She stated that she has no "Super Stars" on the squad this year, but her girls have the ability to perform. The team spirit is high and

this is a plus factor in her estimation. She will have to rely on her crop of freshmen girls to do the job in getting to the state meet this year according to her. Pressure is great, but the young girls seem to be able to handle it when they are competing in area meets. Coach Horstman revealed that she subscribes to many newspapers such as the Toledo Blade, Lima News, Dayton papers etc. to keep tabs on what other teams in the area are doing record wise this year. She stated that next year and the year after that her team should be at their full potential. At present they are gearing up for the district and state meets. The state meet will be held in Columbus on June 6 and 7 this year according to Coach Horstman. Following her talk she held a short question and answer period as the time allowed. Before adjourning the meeting President Leugers thanked her for her appearance before the clubs membership, and Chairman Voskuhl presented her with a "Certificate of Appreciation" from the club.

Third Graders Write "Lawnmower Stories"

Mrs. Busse - Grade Three

I'm a lawnmower. I go crazy! I mean crazy! With all the bugs and the taste. It tastes terrible! I hate mowing grass. It is sick. I hate it. Whenever I don't start they choke me. That makes me made.

POLLY VANDERHORST

Do you know how it is to be a lawnmower? You have to eat insects and rocks. If you have a deg you are going to have a terrible time.

One day the owner tried to start me up. I didn't want to, so he kicked me on the motor. So then I started!

JAY RUHENKAMP

Every day of the winter I sit there in the garage and my tires grow flat and the webs are all over me. But when spring comes I get a wax shine. I sometimes run over something bad like a rock or a brick. Boy, that hurts my teeth.

BRAD RETHMAN

Being a lawnmower is not an easy job. You have to eat everything in front of you. In the spring they take you apart and give you new parts. They change my oil, too. I think the whole thing is disgusting.

JEFF GEHART

I'm a lawnmower and I hate it! I eat mud and ignorant bugs! But the worst thing of all is how they taste. Gross! Cutting grass is the most boring thing in the world. The person who uses me always sets me by the steps. When the clumsy milkman comes he trips and spills milk all over me.

GAIL GAIER

Being a lawnmower is dispicable! I live in an old shed. Man is it boring! When I cut the grass I get bugs in my mouth. Sometimes I don't want to be nice and start mowing. I can be very stubborn. Hopefully, tomorrow I won't have to mow the grass.

JULIE ROBINSON

I'm a lawnmower. I have to cut grass. Sometimes I go over a rock. That hurts!

In the winter I have to stay in a shed. That is pitiful. I hate to be in a shed. I can't stand to have insects crawling around me. It's terrible!

DAVID HOLTHAUS

It is terrible to be a lawnmower. I eat grass. It is gross! My home is in a shed. I always get bored. It is hard to be a lawnmower. It hurts when stones hit me.

JULIE SANDERS

I am a lawnmower. I hate it because it is boring in the winter and hard work in the summer. I would rather be a power mower. It is a lot easier.

Joint 4-H Meeting Held

A joint meeting was held with the following 4-H Clubs, on Monday evening, the 27th of April in the Union Hall, Minster. The Clubs were: Minster Livestock, Stitch & Snack, of Minster; Ambitious Farmers of New Bremen; and Stitch In Time of St. Marys.

The topic of the meeting was a slide presentation given by Jeff Layman, Auglaize County Agricultural Agent, on his trip and stay in the Soviet Union, as a member of the YASEP program in 1978. The program (temporarily suspended because of hardening of relations with the Soviet Union) means Young Agricultural Specialist Exchange Program. Only 41 persons have ever gone to the Soviet Union with this program which is offered to persons who have a degree in agriculture with a background in 4-H (usually) and who meet rigid qualifications required by the program. When Jeff was chosen to take part in this exchange plan, he was sent to Washington D.C. for a 3-month crash course in Russian Language and Culture. The course would normally take two years to complete. At the end of the course, his group of 12 persons were ready to leave for Russia. They stayed in the Soviet Union for 3 months.

As an agriculture exchange Specialist, he spent his time studying Soviet methods of farming in the Byelorussia and Ukrainian areas. He found the growing seasons short and the equipment leaving much to be desired. Jeff was allowed to stay with a Russian family for a week and found them to be kind and generous.

He explained their 5-Year-Plan and its drawbacks.

He stated that the farmers live in homes clustered together and commute to the farms, reminiscent of the Feudal days. Farms are specialized. He visited one farm that raised 11,000 bull a year for meat consumption. That farm used 26 silos to store the haylage needed to feed those bulls. He stated that the Soviets usually harvest the bulls at about 1,000 lbs., whereas the hog farm that he visited raised around 40,000 hogs yearly and would butcher them at around 300 lbs. A lot of 'fat back' was eaten by the Soviets.

The cattle found (mostly) in the Soviet Union are the Brindle (a Brown Swiss down breed), The Red Steppe, and the Chornie Billie (Phonetic sp.).

He worked on one commune during the harvest season where he was allowed to run a combine to harvest small grains. The grain was running around 42% moisture (we try for 15%) because it rained nearly every day. However, the grain was ripe and had to come off. This caused the combines to breakdown often, slowing the harvest even more. They used the straw for animal feed, too.

Jeff found the St. Basil Cathedral in Moscow to be quite colorful and impressive with its eight onion-shaped domes painted in vivid colors. The Red Square was also very impressive.

The Soviet government keeps before the people constant reminders of the 20,000,000 people that were lost in WW II, with monuments and shrines everywhere. Lenin's tomb is another great national shrine with millions of people passing through it every year.

The Americans were treated well by the Soviet government. Black (Africans) students followed the Americans around for two

reasons. They said they were hungry for news from the outside world and when the Americans came, it was the first time the plumbing really worked and they had hot water and it was the first time they were able to get good meat to eat. It was obvious that the Soviet Union was trying to impress the Americans. It was plain to see that the common person lives very stark and often drab lives.

The presentation was interesting and entertaining. Anyone wishing to learn more about the Soviet Union from someone who has seen it first hand, should contact Jeff Layman, Auglaize County Court House, Wapakoneta.

We wish to thank Jeff for a very informative presentation and the time he gave us.

Vandalism was the subject of a recent safety assembly presented to the Fort Loramie Elementary school third graders.

The assembly was part of a school-wide safety program being conducted by Shelby County Ju-

venile Court officer Jim Moorman. In addition to talking about a film on the subject and then pre-

vandalism, Moorman also showed sented slides of vandalism in Shelby County.

Are you aware of the opportunities—and the complex changes—affecting farmers under the Tax Reform Act of 1976?

With proper planning, Prudential life insurance can help you keep your farm where it belongs—in your family!

Shelby County Track Meet Winners

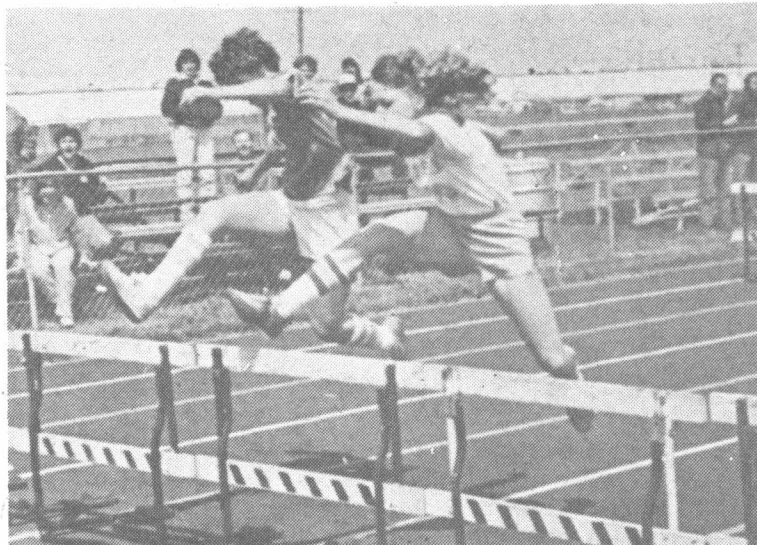

Anna High School girls won 1st place.

Anna Jr. High boys taking 1st place at the meet.

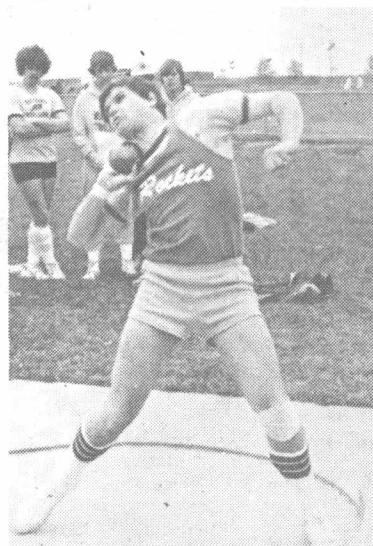

2nd place in the Jr. High division were the Anna girls.

Heather Inderrieden of Anna and Marcie Oen of Russia in the 100 meter low hurdles.

took first place in their division.

For the high school boys team of coach Ken Ruth, it was their third straight county title.

Jon Luthman won the pole vault, Randy Van Horn the high jump, Terry Bayliss the 200 dash and the Rockets won the mile relay. But that was it.

There were some anxious moments for the Rockets, especially in the pole vault, where Luthman's 12-foot set a new county record.

The mile relay foursome of Jeff Warren, Mark Cavinder, Terry Bayliss and Jim Baumer tied the

school record of 3:38.7 in winning that event.

For Fairlawn, Brent Montgomery won the shot put at a record 47-2 1/2 and the discus at 129-2, neither coming as a surprise. In the 100 dash, Roger Brumbaugh set a new county record with an .11.4 and came back to set a new mark in the 400 with a 53.5.

There were several other meet records set as Curt Barhorst of Russia ran a 16.3 in the 110 high hurdles, teammate Andy Grillot ran a 4:45.6 in the 1600, Russia's Alex Monnin turned in a 2:07.9 in the 800 and Bayliss' 23.5 in the 200 was also a new mark.

Likewise, the Anna girls didn't rely on a lot of firsts to claim the title, winning only two. But the Rockets stretched themselves thin enough to pick up a lot of other points to capture the crown.

Houston' Lynn Bauer was easily the top girls performer, setting new meet records in the 800 and 1600 runs. Her 5:39.5 mark was well below the previous record of 6:01 and her 2:33.8 broke the old mark in the 800 by five seconds.

The Fort Loramie mile and two-mile relay teams both set

No, it wasn't "Anna day" at Sidney High School Saturday, but it might as well have been.

Only the Houston junior high girls spoiled an otherwise perfect day for Rocket teams as the varsity boys and girls both captured Shelby County League titles and the junior high boys
